Our Caretaker Barry Miller and his little offside John Sleeman.

Our Bar Manager Sue Evrard and all bar staff.

Our Hall Hire Manager Warren Evrard.

And to all those who have helped out throughout this fantastic season.....
We could not have done it without you!

President's Report

President's Report 2020-21 Season

Greg Newton

The Entrance SLSC

For a patrol season that started under the shadow of Covid-19 we've had an incredibly smooth season at The Entrance. While the start of the season was a challenge as we introduced a raft of new procedures to cope with Covid, things pretty quickly settled into a routine as the additional safety measures became second nature.

Our committed team of lifesavers have once again put in a magic effort to cover patrols, nippers, fundraising and competition. A big thanks to everyone for the hours they put in. Once again we have been fortunate to have assistance from Surf Central Coast and the other Clubs from the Coast who have assisted us this season, where we had approximately 18 patrols covered, reducing the workload on our patrolling members. As a show of thanks for their efforts, we provided lunch or fruit platters to all the visiting patrols from other Clubs.

We have run 4 - 5 bronze courses this season as we look to rebuild our numbers. The secret will be in keeping them all and the support provided by our fellow Clubbies from across the coast go a long way to assisting the retention of our new Bronzies.

Patrols this season were made easier with our temporary boatshed replacement in use for the full season. Hopefully we will be able to start working on plans for a permanent replacement building sometime through the next season. We're also keen to start making some progress on our plans for a deck on the northern side of our clubhouse that will give us much needed open space adjacent to our clubhouse. This space will be used to inject some life around our Clubhouse & inject some vibrancy that we hope will attract interest & activity, like new additions or renovations have done at all the other Clubs on the Coast.

Renovations on our male & female changerooms downstairs are almost complete (finally). Lifting the facilities out of the 70s can only improve our ability to attract & retain members. I don't think anyone will miss those mustard yellow tiles... We're also in the process of going green with solar panels and batteries to be installed shortly thanks to grant monies from the Office of Sport and Branch sponsor, Resinc Solar.

As a Club we're looking forward to a successful 2021-22 season which will be our 100th Year. We'll be celebrating a centenary of service to the community and looking to build on what we've achieved to date.

Greg Newton - President

JAC's Report

Jason & Krellyn Nies

What a crazy, challenging and interesting season this has been!

This season, was definitely like no others, we were faced with a global pandemic. This within itself brings many new challenges and hurdles but we stepped up to the ever-changing environment and made it the best season yet!

Let us start with a BIG THANK YOU, to everyone who made this season possible with all of the extra challenges of COVID. Our Rookie Coordinator Jarrod for running a successful rookies program, rookie sleepouts, plus nurturing and guiding the next generations of clubbies. To our age managers Kristy, Jodi, Cody and us (Jase and Krellyn) for stepping up to accept the various challenges. Plus, the boys and Holly for all of your water safety help in the ocean.

This season we were lucky enough to still be able to participate in carnivals. We attended the U8's – U15's Junior Carnival at Umina, Branch Carnival at Copa and the State Carnival at Swansea. To all of our nippers and their parents who turned up to compete and support at the carnivals, we're very proud of the effort, determination and sportsmanship that was shown by all, plus walking away with various metals from gold through to bronze.

We even had a U8's girls relay team compete at their very first carnival – what an amazing effect that was put in by Indie, Tillie, Daniella and Makayla-Lee.

The nippers also participated in their first "Clean up Australia Day", organised by our very own age manager Kristy.

This year we were lucky enough to be picked by Branch to host one of the 15-17 Youth Leadership Program days.

We would like to thank John Sleeman and Chris Hampton for running weekly board training; our nippers have learnt valuable lifelong skills.

Plus, a huge thank you goes out to Ken Sellers for being our Official at carnivals, without Ken doing what he loves, we wouldn't be able to compete.

A huge congratulation goes to the Nippers Committee and Jarrod – we were all nominated at The Awards of Excellence. A huge congratulation goes to all nominees.

This was our second year in a row; we were able to take a competitor to the State Carnival. A huge congratulation goes to our little State Champion Taylah, who walked away with a 2 State Title, plus 5 metals.

We also wanted to thank all members (patrolling and non-patrolling), the Executive Team for all of your help and guidance throughout the season. Plus, a big thank you to all of our nippers, their parents, grandparents and sibling for giving up their Sunday mornings to come to our beautiful beach.

Seeing their big smiling faces, every Sunday morning makes it all worthwhile.

What will next season bring??

Jase & Krellyn

Director of Surf Lifesaving Report (Club Captain) Ken Sellers

Well, another season has gone by with no lives lost on The Entrance Beach, thanks to the efforts of our club's volunteers covering 48 full days between 4 patrols. This meant that most of our members put in over 100 hours protecting our bit of the Coastline an effort that still surprises members from other clubs.

In saying that about other clubs I would like to thank those members from the other Central Coast clubs who supported us during our membership rebuilding stage, between them they covered 20 full days on Patrol with most saying it is the first time they have been to our beautiful Beach, and they would come back again when help was required.

This year we saw a growth in the number of new patrolling members thanks to our young members bringing their friends down from school, former members returning with their families and a current member Colin Harris who keeps finding school teachers to come down and learn what we do on the beach.

This increase in members was due to some ideas put together by Colin and your Club's Executive to bring friends sign them up to receive a pair of Board shorts, some of our young members thought this meant one pair per new member, not one pair per current member as was intended.

At The Entrance we have endeavoured to reward our members for a job well done, as was shown at the club's presentation afternoon/ night, for the youth and senior members, but there always room for improvement, so you have an idea let us know.

The storage problem with club equipment has been a problem with some members storing gear at their homes and with no new boatshed on the agenda that we are aware of we thank our members for their help and if any ideas are out there to improve what we have again please let us know.

Some bright light on the horizon was the completion of the Male change room, with the Female version well underway thanks to our members. There is still more to do and hopefully the covid will give us a chance to complete the current projects.

Our club is about to celebrate 100 years of Surf Life Saving and I would love to see all our members past, and present be a part of this celebration. Some plans are in place, but there more to do, to make it a year to remember so roll up your sleeves and let's see you all back on the Beach next season.

See you on the Beach
Ken Sellers
Director of Lifesaving
The Entrance SLSC

Director of Administration

Chris Hampton

I would like to thank all members for their support throughout the 2020/21 season. As Director of Administration it has been another challenging year we had an extended beach to patrol with the ever-changing channel.

This season we gained 10 new Bronze Medallion members and another 4 members who gained first aid and radio certificates. A big thank you to our trainers Greg Newton, Jarrod Doran and Glenn Clarke.

With COVID still active with-in our community we had a delay to the start of nippers season. Hopefully 21/22 we are back to normal. I would like to thank all members for using the QR code and practising good hygiene techniques when utilising the club facilities.

We have progressed well after the COVID lock down with Sunday sips getting more popular and hall hire on the increase.

This season we were successful in gaining several grants. Which enable us to supply our members with new equipment; 2 new IRB Motors. 3 New Jet Rescue Communication Helmets. 8 New Gath Helmets to be utilise in IRB and Bronze training. 4 new race paddle boards. 4 new surf boards plus new equipment for nippers.

The bathroom renovation Female and Male toilets should be completed by the start of the 2021/22 season.

We had several Junior members competing this year with Taylah Nies winning Gold at state titles also the men's Master boat crew The Sandy Craics competed strongly again.

Ampol has come on board for next season to sponsor surf lifesaving NSW with new patrol shirts coming out.

Congratulations to Ken Sellers on winning Central Coast Surf Life Saving Official of the Year award. Then going onto win the NSW Surf Life Saving Official of the year. These are well deserved awards for all the hours and commitment to Surf Life Saving.

The Entrance Surf Lifesaving Club will be celebrating 100 years of volunteer service to The Entrance community. An evening function will be held for past and current members to come a celebrate and remember old times. Due to current COVID restrictions this adte is to be announced.

Look forward to seeing you again next season.

See you next season
We will be stronger and better

Chris Hampton
Director of Administartion

Directors of Education

Glenn Clarke

Director of Education Report Season 2020/2021

As Lifesavers we build Capability, Capacity and Resilience through expert training. With Education at the heart of everything we do, it has been great to see, so many awards go through The Entrance this season. With a total of 39 awards across multiple disciplines. 11 Bronze, 3 Surf Rescue Certificates, 4 Advanced Resuscitation Technique Certificates, 10 Radio Certificates and 11 Junior certificates.

These awards don't just happen. They are a combination of commitment and dedication, from both participants and a hard-working team of volunteer Trainers, Assessors and Facilitators.

A big thank to The Entrance Education Team, Wazza, Greg and Jarrod. And also to Jason and Krellyn for their help with the junior awards.

Surf lifesaving really is like having a huge extended family. The assistance from our brothers and sisters at surrounding clubs, as usual has been amazing. A massive thank you must also go to Paul from Shelly, Nicci from Toowoan Bay and Michael from branch. The assistance and work put in, behind the scenes from these guys has been outstanding.

Thanks again to everyone, for all their support throughout the season.

Cheers

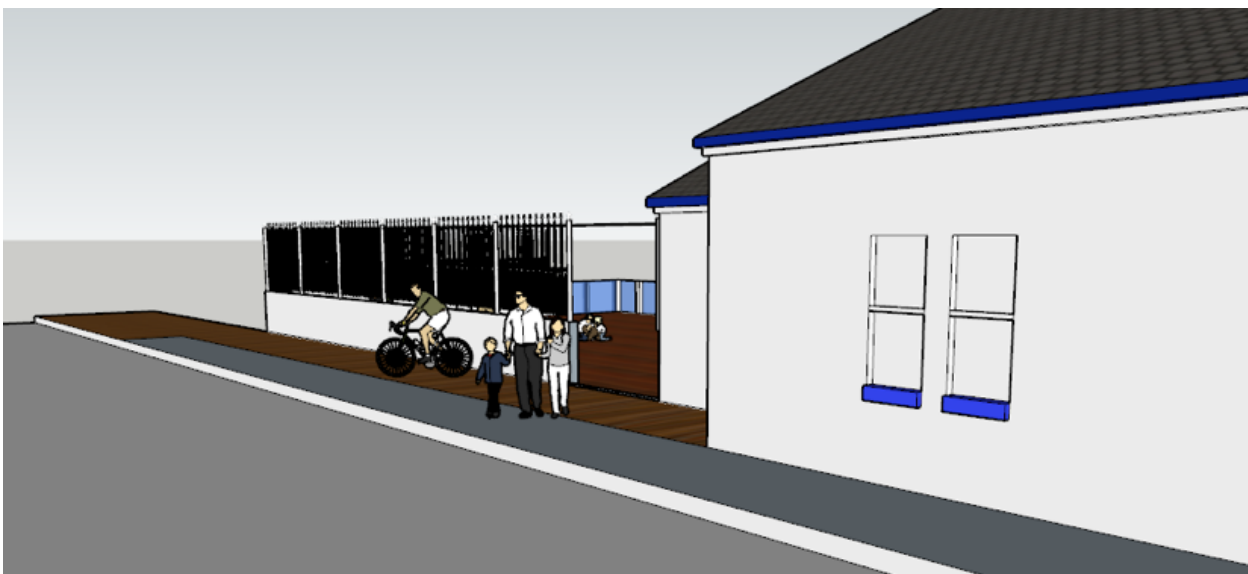

Glenn Clarke
